Chairman's Message

Greetings from St Mary's Golden Circle. I am pleased to provide a summary of the activities of the Golden Circle for this year. Our regular home visits have hopefully benefitted our Seniors who are housebound and unable to make it to church. We, on average make at least one monthly visit to two homes. Our plan for next year is to continue these visits to help our seniors. During our visits we sing some popular hymns and have a quiet prayer session. Our monthly sales have been very well supported by Cathedral service attendees and we want to thank them for their support. The funds raised are for projects that we undertake for our programmes and activities to foster fellowship amongst the seniors of the Cathedral. Of specific worthy of mention is our Special Project for the Renovation of the St Martin's Refugee School in Kota Baru. We managed to raise funds through the generosity of Cathedral members and the project is now well advanced to completion.

A very special thank you to the generous donors. The Golden Circle Committee want to thank all the members of the Cathedral for their support to the Golden Circle activities and we continue to encourage members from the various congregations to participate in our future planned activities.
